

3rd Grade Announcements

April 20th-24th

Clever

Last week, the district introduced Clever. Clever is a platform that acts as a “backpack” for our students. It is a secure portal where you can access all our learning apps. It uses a single sign-on program which means that students only have to sign in once to the Clever Portal, then click on an app without signing in again. However, since Freckle was set up before I started with the students, we use Mrs. Kulasa’s login which means that students may have to log in to Freckle separately after clicking on the app. Students can find all their classes on their Clever dashboard, including specials! If there are any issues with clever, call the district tech hotline (412) 264-3013 Monday through Friday, 10 a.m. – 2 p.m.

Sign-on information is as follows:

Username: student#@moonarea.net

Password: student #

*student # is their lunch number

Class Website

All our ELA and Math assignments are on our class website. The website address is <http://aardingerbcc.educatorpages.com/> but can also be accessed through Clever. No username or password is required to access the website. If you find that the site is left in “edit” mode, please use the PDF version for assignments.

Note from Ms. Ardinger

Please allow your student to complete graded activities on their own! It not only shows their knowledge of the skill and hold them accountable, but also provides data for us teachers to adjust our plans, teaching styles, and support for each

individual student. If you see an area where your child is struggling, please reach out to Mr. Wood or me so that we can help.

TAKE A PICTURE or SCAN ELA PAPER TEST/GRADED ASSIGNMENTS TO MS. ARDINGER – aardinger@moonarea.net or on Remind

We know that this is a difficult time for everyone, so I am flexible (within reason) to due dates. I would like all ELA assignments to be done by **Saturday at 12:00pm**. Sometimes, a child may be having a bad day (they have those too!) or daily plans may be longer than others. I encourage you to allow your student to take small breaks and/or do a GoNoodle (on Clever) in between activities to reduce burnout. Every now and then, we run into technology issues. If this happens, please let me know so that I can resolve it.

Note from Mr. Wood

*Please warmup with your math facts by playing **one** of the following **daily** (mix it up!! Don't do the same one every day!!):*

- Prodigy: 15 minutes (All students have a login.)
- Reflex session till you achieve green light in upper right corner
- Arcademics: 15 minutes

(There is no login or sign up required for Arcademics. At the top right, click on 'Grades', select 'grade 3'. Under the words 'Arcademics Games' click on a math related topic and choose a game to play).

Click [here](#) to play

ALL OF THE ASSIGNMENTS CAN BE PRINTED OR YOU GUYS CAN COPY YOUR ANSWERS ON A SEPARATE PIECE OF PAPER.....YOU DO NOT HAVE TO PRINT!!

Assignments

Monday 4/20/20
