

Create-a-Plant

You are a botanist who has just discovered a new type of plant. As every good scientist does, you will document your exciting finding. Design a fact sheet highlighting your new plant discovery. Be sure to include the following key pieces of information:

- your plant's name
- your plant's basic needs
- how your plant's needs are met
- where your plant lives
- a colored illustration of your plant in its natural habitat

Your fact sheet might have text features like labels, captions, maps, bold words, subheadings, and more.
