

AP Chemistry Binder Check (5% of quarter grades)

Need **2** (one per semester) 2-inch Heavy-Duty View 2-inch 3-ringed binders, 13 dividers total. This sheet is to go in the reference section of your notebook.

Binder Cover

You will be provided with binder covers. Write your name and period on line provided. Put on front of binder if it has a window or put in page protector and make first page inside.

- Coloring the front will add a point or two on binder checks

Binder Contents

DATE EVERYTHING! Your binder check will be depend on being able to find papers based on dates.

Unit Dividers

Dividers will be used to identify each of the 0-9 units, plus reference and lab handout sections.

Label with these headings and put in order as indicated:

U-0 Mental Math	U-7 Equilibrium
U-1 Atomic Structure	U-8 Acid/Base
U-2 Molecular/Ionic	U-9 Electrochem
U-3 IMF	U-10 Review
U-4 Chem Rxn	Reference
U-5 Kinetics	Labs
U-6 Thermo	

Unit Dividers

For each unit you will have the following papers. These should go behind the corresponding unit divider in order by date, adding newest to the back. Be sure to write your name, date and period on the upper right corner of each paper.

- Weekly Calendars
- Notes
- Homework
- Tests and Quizzes

Reference Divider

This section is to have the reference pages packet.

Labs Divider

All returned lab handouts in order by date

Homework

1. Website Classrooms that will track your participation

You must join them as follows:

EdPuzzle - Platform that keeps track of your record for watching assigned videos

Join my class at <https://edpuzzle.com/join/nediafl>

Quizlet – join my class at <https://quizlet.com/join/F2d7DN9Rq>

AP Classroom – class code:

2. AP Chemistry Solutions (APCS) Notes and Worksheets – *written assignments*

Write your name, date and period on the upper right corner

Work problems on separate sheets of notebook paper

First line on notebook paper: Name of worksheet and problems assigned

Staple completed worksheet problems to corresponding APCS notes even if different dates.

3. Miscellaneous worksheets/Released AP Exam Questions - *written assignments*

Write your name, date and period on the upper right corner

4. Vocabulary

To be studied using Quizlet

Each week different students will be assigned to add vocabulary to my Quizlet page.

5. Adrian Dingle Notes and Worksheets

Mr. Dingle is an AP Chemistry teacher that has written his notes to align with the College Board's Six Big Ideas of AP Chemistry in a textbook-like format. You should refer to these notes when you need greater explanation.

6. Textbook Notes

Write your name, date and period on the upper right corner

First line on notebook paper: Chapter number, page numbers being outlined

Method: Cornell

Turn paragraph heading into a question and write in left column

While reading add bullets in right column that help answer the question

Review what you wrote
