FLOW CHART: How a Law is Carried Out

First number the steps below in the order that the process occurs. Once your answers are checked by the teacher, fill in the flow chart by copying the sentences onto the correct line.

Directions: Start by figuring out what has to happen first and put a 1 on that line. Then decide which step is last; put a 5 on that line. Look at the chart....There are three #4s - 4a, 4b, 4c - Find the three things below that all happen at the same time. It doesn't matter which one you call 4a, 4b, or 4c.

- Law enforcement agencies are told about the new law and trained to deal with it.
- _____ The department notifies the groups that are most affected by the laws.
- _____ The law is given to the appropriate department.
- _____ The bill is made into a law.
- _____ The President meets with Cabinet.
- _____ Various public service announcements are made.
- _____ The law goes into effect on a given date.
