

March 13, 2020

Dear Parents/Guardians,

As you know the schools will be closed for the two weeks following the March Break. While off of school for these two weeks, students are encouraged to use the classroom apps introduced to them this year.

**1) RAZ Kids-** This is a comprehensive leveled reading resources for students. Every eBook is available in online and mobile formats, and allows students to listen to, read at their own pace, and record themselves reading. It also provides students with comprehension questions for each text, allowing them to build their comprehension and inferring skills.

**-I will be monitoring their reading progress on line.**

**2) Knowledgehook -** This is a web service with a link to the Ontario Math curriculum. It allows for students to consolidate work with digital tools.

**-I will be monitoring their progress and uploading Math challenges for them throughout the two-week break.**

**3) Prodigy-** This is a free, adaptive math game that integrates common-core math into a fantasy style game that students love playing.

\*Below is my email address. If students have misplaced their username or passwords, please email me and I will send them to you.

[a\\_schiafone@outlook.com](mailto:a_schiafone@outlook.com)

\*Below is my website address where I will attempt to post worksheets for those students who wish to do them. You will find them under the tab "worksheets".
