

Please show your INB to your parent/guardian and have them put a check mark next to all of the items that are completed and **in** the INB. Everything should have a page number and be included in the table of contents in the front to make it easier to locate. If they are missing, don't check them off. Write "missing" next to them.

Are there summaries for each set of notes? \_\_\_\_\_ Were missed problems marked, reworked, and corrected? \_\_\_\_\_

The INB is the primary source to use for preparing for quizzes and tests. If items are missing, they should be made up. All notes and homework can be found on my website at <https://schuck.educatorpages.com/pages/math-7-8-assignments>
