

Resumen oral

Alejandro - capítulos 1 - 3

Nombre: _____ Clase: _____

You will be giving a summary of chapters 1, 2 and 3 of the Alejandro book next week. This will be an oral presentation, in Spanish, to me – not in front of the class. It may or may not be audio-taped. You will need to practice this oral out loud, preferably to another person. If however, you are not able to get someone to listen to you, you should practice out loud in front of a mirror. You should try your best to speak in complete sentences. However, if you can't think of how to say something using a complete sentence, at least say what you can. Do not say anything in English. You should cover the following information:

- *who is Alejandro and where is he from*
- *what is Alejandro like*
- *what is his family like*
- *where is Alejandro going with his family*
- *what happens when he first gets there*
- *what are the important things that happen in Chapter 3
(the boys, the gypsies, the policeman, the gift)*

You do not have to cover every detail of the categories mentioned above, but your summary should be organized and thorough. You should know the important vocabulary well. You may not use notes or notecards, but you may have the above list with you. This presentation will take preparation – be sure to practice! You can always practice with me if you want feedback- see me during Activity period or after school Tuesday or Thursday. Pronunciation is important! Be sure to use the rubric as a guide as you are preparing and practicing.
