

From Morning to Night

by ReadWorks

It is morning. It is time for a new day to begin. The morning sun appears. It slowly brightens the sky.

It is noon. It is the middle of the day. The sun is high in the sky. The sunlight is bright.

It is evening. The sunlight becomes less bright. The sun is moving lower in the sky. The sky may change to a reddish color.

It is night. The sun is gone from the sky. The sky is dark without sunlight. The moon and the stars shine in the night sky. Tomorrow a new day will begin again.
