

# The Four Seasons

by ReadWorks

*Photo Credit: Frank Luetke*

Some places have four seasons every year. Do you know their names? The seasons are winter, spring, summer, and autumn.

Winter is the coldest time of the year. Spring comes next. Many animals are born in spring. Many new plants grow then too.

Summer is a time of sunshine and hot weather. In autumn, the weather gets cooler. The leaves fall off trees.

Some people call autumn by another name. They call it fall!

Name: \_\_\_\_\_ Date: \_\_\_\_\_

1. How many seasons do some places have every year?

**1***one***4***four*
