

Sedimentary Rocks Cornell Check

Sedimentary Rocks

I. Materials that make up sediments

- A. _____
- B. _____
- C. _____

II. Ways sedimentary rocks can form

- A. _____
- B. _____
- C. _____

III. Kinds of sedimentary rocks

- A. _____
Examples: _____
- B. _____
Examples: _____
- C. _____
Examples: _____

Answer the following questions on the lines provided.

1. Define each of the three ways that sedimentary rocks can form.

Deposition: _____

Compaction: _____

Cementation: _____

1b. List the 2 common types of natural cement: _____

2. Name the sediments that can be found in each of the three kinds of sedimentary rock.

Detrital: _____

Chemical: _____

Biochemical: _____
(organic)

Sedimentary Rocks

Answer the following questions on the lines provided.

1. What are sediments? _____

2. What are sedimentary rocks? _____

3. What is compaction? _____

4. What is cementation? _____

5. What are ^{detrimental} sedimentary rocks? _____

6. What is conglomerate? _____

7. What is breccia? _____

8. What are chemical sedimentary rocks? _____

9. What are ^{Biochemical} sedimentary rocks? _____

10. What is coquina? _____

11. What is chalk? _____

12. What is the definition of a Rock? _____
