

The Problem with our Sister... Worksheet

The Problem with our Sister... Venus Worksheet

Directions: Select just ONE (1) of the questions from the list below. (All videos are located on my website) and write a short answer to it

1. List and Summarize all the theories as to why Venus spins backwards. Then critique which theory you support that best describes why Venus spins backwards
2. Apply the concepts you have learned and Draw a conclusion if life could exist on Venus and where at?
3. Apply the concepts of the Runaway greenhouse effect on Venus and How does it compare to Earth?

I selected question # _____
