

# ***Keyword Search and Save Images***

## **Activity**

Open a program to search the internet. Find:

- A picture relating to outdoor play equipment e.g. slide, swing, climbing frame.
- A picture of balloons, bunting, bouncy castle.

Save the images (pictures) into a word processing document.

Crop, position and resize the images as appropriate.

In the same document: write a short sentence to describe two ways you can make sure you are comfortable when using a computer.

Add your name to the bottom of the document.

Save your document.

Print your document.
