20 September 2017

Dear Ms Waddington,

**Summer Newsletter**

I am pleased to announce a massive investment in new play equipment.

I am sure Freddie will enjoy the additional range of play equipment now available to help children develop an array of skills that will create an inspiring sensory experience. As well as the toys, we now have real life props, such as brushes and gardening tools. In addition, we have invested in more construction play resources such as building blocks, to help children develop fine motor skills, spatial awareness and problem solving.

The new secure outdoor storage facility has enabled us to purchase further physical play equipment such as tricycles, balancing beams and tunnels to encourage physical activity.

If you would like to attend the open evening with your child please complete the tear-off slip below.

Janice Simmons
