Level 2 Excel Formulas

Subtract   =A2-B2

Add   =A2+B2   *Add two cells*

Add SUM   =SUM(A2:A10)   *Add a column or row*

Divide   =A2/B2

Multiply   =A2*B2

Average   =AVERAGE(A2:A10)
Returns the mean average of all values in cells between A2 and A10

IF function   =IF(A2>=10,"Ten or more","Less than ten")
IF has one logical test.

IF…AND function   =IF(AND(A2>=10,B2>=10),"Both are ten or more","Less than 10")
IF…AND has two logical tests.

< Less than

>Greater than

= Equal to

<= Less than and equal to (e.g. 50 or less) (e.g. 50 or fewer)

>=Greater than and equal to (e.g. 50 or more)
