I, (name) \_\_\_\_\_, understand that:

It is my responsibility to return a Concurrent Enrollment admission application form and one-time admission fee by the specified date in order to receive college credit for this class. I agree to abide by all conditions presented on the forms.

The content of these courses will be appropriate for college students. The curriculum may include controversial cultural, religious, political and aesthetic issues. It is expected that high school Concurrent Enrollment students who enroll in the classes will have the appropriate critical faculties necessary for engaging with the material in an objective manner.

1. I am enrolled in a college level class, and a college level class demands responsibility and maturity proportional to a college student. This course will require rigorous academic work. I understand that my teacher is sponsoring me for enrollment in a college-level class.
2. I will be graded on a college level grading standard; no late or makeup work will be accepted without prior arrangements with the instructor.
3. Regular classroom attendance and participation are a requirement, and failure to attend may affect my grade.
4. I understand that should withdrawal from this concurrent class be necessary, it is my responsibility to follow all University/College guidelines for withdrawal, and especially receive the instructor's signature and acknowledgment. I understand that withdrawal from the high school class does not automatically withdraw me from the University/College class. I understand that I must withdraw from the University/College following their policy and deadlines and withdrawal grades will be reflected on my University transcript. If I fail to properly withdraw from a college class I may receive a failing grade.
5. It is my responsibility to attend a Concurrent Enrollment orientation and consult with an academic advisor within 6 months of starting Concurrent Enrollment.
6. I understand that the University/College grade will be posted on the University/College transcript.
7. I understand that enrolling for a concurrent class may affect my high school G.P.A., class rank, and total credits earned.
8. I understand that the University/College grade will be posted on my high school transcript and if I am eligible for additional high school credit, that credit will also be posted on my high school transcript.
9. I understand that I may earn no more than 30 hours of concurrent class credit in a school year. The school year begins the first day of summer vacation and ends with the last day of the high school spring semester. Should I earn more than 30 hours of concurrent credit in the school year, I understand that it is my responsibility to reimburse Davis School District for incurred tuition costs.

The Concurrent Enrollment Policies and Procedures are in the Student Handbook on the Concurrent Enrollment website. It is my responsibility to read the handbook and understand and follow the policies and procedures.

If I am a student with a disability and have special needs or questions about my existing IEP/504 plan, I will contact my high school counselor for help.

I am generating a permanent college record that will be applied to all of my higher education pursuits after I graduate from high school.

My college grade and my high school grade will be the same.

I have read and understand the above outlined guidelines and agree to conduct myself accordingly:
