8. What does Balthazar say is used to project the electrical energy of your nervous system into the physical world?
9. What is the “one weapon of choice” that Balthazar first teaches Dave?
10. What does Dave tell Becky he is using the tesla coils for?
11. Why does Dave mean when he says the rings will make him a better conductor?
12. When Dave is fighting Morgana he says he is not alone, that he brought \_\_\_\_\_ with him.

### Behind the Scenes:

Nicholas Cage says, “The more we advance in science the more it appears to be magic”. Tell me whether you agree or disagree with this statement and what you think it means.
