

Grading Rubric for Book Report

Middle School Technology Wheel

	25 Points (Exemplary)	20 Points (Proficient)	15 Points (Emerging)	10 Point (Beginner)	Grade
<p>Content</p> <ul style="list-style-type: none"> Reflects understanding and effective summarization Proper citations 	All content requirements are met or exceeded (see content requirements list). Slide content includes engaging summarization and reflection about the book.	At least 85% of the content requirements are met (see content requirements list). Slide content includes effective summarization and reflection about the book.	At least 75% of the content requirements are met (see content requirements list). Completed slide content includes effective summarization and reflection about the book.	Less than half the content requirements are met (see content requirements list). Slide content is not effective or engaging.	
<p>Slide Creation</p> <ul style="list-style-type: none"> 10 slides 3-6 bullets Theme Phrases Transitions 	Theme and slide transitions chosen are appropriate for the topic. Reflects the use of the PP tools in a creative way. 10 slides with 3-6 bullets in clear phrases are complete. Book review is in clear paragraph format.	Theme and slide transitions chosen are appropriate for the topic. Reflects the use of the PP tools in a creative way. At least 8 slides with 3-6 bullets in mostly phrases are complete. Book review is in clear paragraph format.	Theme and slide transitions chosen are not best choice for the topic. Use of the PP tools in a creative way. At least 7 slides with 2-5 bullets some in phrases are not complete. Book review was not in paragraph format.	Theme and slide transitions were not given much thought. Few of the PP tools were used effectively. More than 5 content slides are missing and not formatted correctly.	
<p>Pictures/Images</p> <ul style="list-style-type: none"> Effective choices 	Images are appropriate to the slide. Images are cropped and sized correctly for fit and enhancement. Images include a picture of the author and book cover.	Images are appropriate but the layout is a bit cluttered. Most images are cropped and sized correctly. Images include a picture of the author and book cover.	Some images are missing or not relatable to the topic. The layout is cluttered with some overlapping. Images are not cropped to fit. One of the required pictures is missing.	Images are missing or not appropriate for the slide and content. Both required images are missing.	
<p>Text Font/Format</p> <ul style="list-style-type: none"> No ALL CAPS unless in template Easy to read 	Font format (size, color, case) carefully planned to enhance readability and content and is consistent throughout the project.	Font formats have been carefully planned to enhance readability but is not consistent throughout the project.	Font formatting compliments the content, the size, color and case is not consistent which makes it difficult to follow.	Font formatting makes it difficult to read the material due to poor choice of color, case, and size.	

Grading Rubric for Book Report

Middle School Technology Wheel
