# ORDERING activity

## ADDRESSES:

- ☑ Social Skills- gives students the opportunity to simulate interacting in an appropriate manner in a community setting.
- ☑ Academic Skills- reading comprehension, math, and money skills.
- ☑ Executive Functioning Skills- for problem solving and making decisions.

## AGE RANGE:

May be suitable for students ages 7 and above.

## NUMBER OF PLAYERS:

- ☑ Two or more students can role play this Menu Ordering Activity.
- ☑ One or more students are “ordering” and another student is “taking the order”.

## DIRECTIONS FOR USE:

1. Print out the three menus and accompanying “Menu Money” onto cardstock and laminate (if possible). Print as much “Menu Money” as you determine. Canadian and American currency versions included!
2. The “ordering” student(s) is given the opportunity to select and read a given menu; provide assistance as needed. This student will verbalize the items they wish from the menu.
3. The “taking the order” student is provided with a pencil and Guest Check form to record the menu item(s) selected and the cost.
4. Provide additional paper, pencils and calculators (if needed) to complete addition and subtraction.
5. Use “Menu Money” to simulate actual transactions and assist with simulating “real life” calculations.
6. Players can then switch roles.
