

11. This author would define the study of *multiculturalism* as:
- A. the belief in the existence of many cultures all at the same time.
 - B. the beliefs of immigrant culture.
 - C. the use of many immigrant cultures.
 - D. the appreciation of the similarities and differences of various cultures in American society.
12. America is defined as “a nation of immigrants” because:
- F. of all the illegal immigrants who have crossed the borders.
 - G. most Native American tribes live on reservations.
 - H. all Americans except those of Native American ancestry come from immigrant ancestry.
 - J. immigrants have only been allowed into the United States in the twentieth century.
13. According to this passage, which of the following is NOT a reason that immigrants currently leave their own countries?
- A. Widespread poverty
 - B. Desire for new opportunities
 - C. To discover uninhabited frontier land
 - D. Escape from repressive governments
14. The teaching of multiculturalism has become an educational priority:
- F. to prevent hostilities between different ethnic groups from increasing.
 - G. to encourage students to think of others as different.
 - H. to show children all the types of immigrants that live in America.
 - J. because the education system needed a new subject to teach.
15. The attitudes of the majority of the people who responded to the *Newsweek* survey are:
- A. hostile and threatened by immigration.
 - B. happy and excited to have new immigrants come to America.
 - C. excited that immigration might stimulate the economy.
 - D. indifferent to the issue of immigration altogether.
16. Many Americans are uncomfortable that so many of the new immigrants are from Asia, Latin America, and the Caribbean because:
- F. all the immigrants from these countries are smarter than Americans.
 - G. they are generally easily definable as minorities, and therefore “different.”
 - H. these cultures are especially threatening to Americans.
 - J. these people are wealthy and can take over the country.
17. According to the information presented in this passage, legislation attempting to stop illegal immigrants from coming to the United States is:
- A. highly effective.
 - B. nonexistent.
 - C. extremely controversial.
 - D. extremely ineffective.
18. A benefit of immigration could be:
- F. increased social tensions.
 - G. an enriched cultural life.
 - H. a significant population increase.
 - J. increased use of environmental resources.
19. Some environmentalists believe that immigration must be prevented to maintain the U.S. ecosystem because:
- A. immigrants always use more natural resources than their American counterparts do.
 - B. the dramatic increase in population in a relatively short time period could put unbearable strain on our resources.
 - C. with an increased human population, animals will not survive.
 - D. environmentalists are generally in favor of immigration.
20. The statement that best summarizes the author’s main point in the final paragraph is:
- F. Increased multiculturalism is inevitable and will produce positive and negative results in the future.
 - G. We can stop the influx of immigrants now if we work harder.
 - H. Cultural enrichment will definitely outweigh all the negative aspects of increased immigration in the twenty-first century.
 - J. Economic competition is always a negative factor in American society.
