

EMHS Algebra 1

Mathematics may not teach us how to add love or minus hate, but it gives us every reason to hope that every problem has a solution

Problem of the Week

My friend Tonya needed exact change for a juice machine. She only had a \$1.00 bill in her pocket. She asked if I could trade her one dollar in change for her one-dollar bill.

I looked in my pocket and I had more than \$1.00 in coins, and less than \$2.00, so I said, "Sure." When I emptied my pocket, however, I realized that even though I had more than \$1.00 in coins, I could not make exact change for \$1.00. What coins could I have? (Use: quarters, dimes, nickels and pennies as possible coins.)

Virtual Spirit Week!

The student council is hosting a spirit week. Show your school spirit and have some fun in the process!

Monday 11/2- Senior Citizen Monday

Tuesday 11/3- Teacher Appreciation Tuesday

Wednesday 11/4- Way-Back Wednesday

Thursday 11/5- EMHS Spirit days

11/2

**FUNCTIONS AND
SLOPE
REVIEW AND TEST**

11/4

**SOLVING RATE
PROBLEMS**

11/6

**SOLVING RATE
PROBLEMS**

**Monday, Tuesday
and Friday.**
