News: I hope everyone had a wonderful three-day weekend. This week students will read about some of the pros and cons of being President. They will then complete an essay on what they would do if they were President. ☺ We had a lot of fun at the Silent Films Festival and I hope your child shared about his/her experience. We also LOVED celebrating Valentine's Day and I feel so blessed to know such kind kids! Please note the ISAT dates to try to avoid appointment conflicts. I know that sometimes this cannot be avoided and makeup sessions will be available. Thanks and have a wonderful week!

Learning this Week:

Science: Lost on the Moon

Math: adding fractions,
equivalent fractions

Tech: typing.com
