News: We had so much fun at our field trip last week. Thank you to those who were able to attend. We are in full academic swing this week! Students will receive their spelling words on Monday and homework is due Thursday. The test is Friday. Students take a pretest to determine the list they would like. Some weeks we do "no excuse" words or words for a theme or time of year. Diagnostic testing is complete and we should be starting Tier 2 intervention and enrichment groups this week for reading and math. You will be receiving a letter shortly if your child is attending an intervention group. The students have persevered and worked so hard on all of those tests! This week BSU students will join us to observe us learning about science. These students will also get to teach the students two lessons this semester. Don't forget to "check out" Dale for a home visit if you would like! ☺ Have a great week!

Learning this Week:

Science: scientific method

Math: volume

ELA: summarizing non-fiction,
IVF statements
