Oklahoma History Extra Credit
Maximum: 25 Points per Month

For extra credit, you may choose any of the projects below, totaling 25 points each month. The extra credit must be turned in by the last school day of each month: August, September, October, and November of the first semester; and January, February, March, and April of the second semester. You may only turn in 25 points for each month. Full credit will not be given if you do not follow instructions.

Please note specific dates on some of the events.

To receive credit, please bring the admission receipt and a picture of you taken at the event or site. Attach them to the back of these instructions and highlight your event below. [You may also get credit if you have proof of having visited these sites within the past year.]
